ONE VERSE BEFORE THE LIGHT

VXIII is one word and one reference, Matthew 5:13. The verse says you are the salt of the earth, and the next verse says you are the light of the world. We make the frame you put on before you go out into it.

TWO MODELS, FIVE SALTS

The Navigator is made for men and the Butterfly for women. Each is finished in the colours of salt, from the first crystal on the pan to the smoke that finishes it.

THE TWO MODELS

01 NAVIGATOR

MEN · TITANIUM · 56 ▫ 18 140

The classic navigator. A straight top bar over a rounded lower lens, drawn in one fine line of titanium wire.

It sits high on the face and holds its shape through every season. Four finishes follow the making of salt: Fleur, Gris, Noir and Ambre.

02 BUTTERFLY

WOMEN · TITANIUM · 54 ▫ 18 140

A wide butterfly with the outer corners lifted. One fine line of titanium wire, open at the cheek and light on the face.

It is as light as a frame can be and as clear as the lens it carries. Four finishes follow the making of salt: Fleur, Rose, Ambre and Noir.

Fleur

Fleur de sel, the first and finest crystals off the pan.

Gris and Noir

Grey salt raked from the clay, and black salt marked by fire.

Rose

Rose rock salt, coloured by the mineral in the water.

Ambre

Smoked salt, finished over a slow fire.

PRODUCT PAGES, 01 NAVIGATOR

01 FLEUR

NAVIGATOR · POLISHED SILVER TITANIUM · CLEAR GREY LENS

The first crystal on the surface of the pan. The Navigator in polished silver titanium, a straight brow bar over a rounded lower lens, drawn in one fine line. The clear grey lens keeps every colour as it is, which makes this the frame to begin with.

Salt	Fleur de sel, the first and finest crystals off the pan.
Lens	56 x 48 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	138 mm, weight about 18 g
Engraved inside	VXIII, the verse and 56□18 140

01 GRIS

NAVIGATOR · BRUSHED GUNMETAL TITANIUM · SMOKE LENS

Grey salt raked from the clay, slow and unhurried. Brushed gunmetal titanium holds a smoke lens that quiets bright days without darkening them. A frame for long hours outdoors and for light that is hard but never harsh.

Salt	Sel gris, grey salt raked from the clay of the pan.
Lens	56 x 48 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	138 mm, weight about 18 g
Engraved inside	VXIII, the verse and 56□18 140

01 NOIR

NAVIGATOR · MATTE BLACK TITANIUM · DEEP GREY LENS

Black salt, marked by fire. Matte black titanium with a deep grey lens, built for midday glare and open water. It carries no shine and gives the light nothing to catch.

Salt	Black lava salt, salt marked by fire.
Lens	56 x 48 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	138 mm, weight about 18 g
Engraved inside	VXIII, the verse and 56□18 140

01 AMBRE

NAVIGATOR · WARM GOLD TITANIUM · AMBER LENS

Salt finished over smoke. Warm gold titanium with a rich amber lens that turns low sun into warmth. Made for travel and for the last bright hours of the day.

Salt	Smoked salt, finished over a slow fire.
Lens	56 x 48 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	138 mm, weight about 18 g
Engraved inside	VXIII, the verse and 56□18 140

PRODUCT PAGES, 02 BUTTERFLY

02 FLEUR

BUTTERFLY · POLISHED SILVER TITANIUM · CLEAR GREY LENS

The first crystal, drawn wide. The Butterfly in polished silver titanium with a clear grey lens, its outer corners lifted a little toward the temple. Light on the face and true in colour.

Salt	Fleur de sel, the first and finest crystals off the pan.
Lens	54 x 46 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	135 mm, weight about 16 g
Engraved inside	VXIII, the verse and 54□18 140

02 ROSE

BUTTERFLY · ROSE GOLD TITANIUM · SOFT AMBER LENS

Salt coloured by the water that made it. Rose gold titanium with a soft amber lens that warms the face and softens the light. The Butterfly at its gentlest.

Salt	Rose rock salt, coloured by the mineral in the water.
Lens	54 x 46 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	135 mm, weight about 16 g
Engraved inside	VXIII, the verse and 54□18 140

02 AMBRE

BUTTERFLY · WARM GOLD TITANIUM · AMBER LENS

Salt finished over smoke. The Butterfly in warm gold titanium with an amber lens, made for low sun and long afternoons. The warmest frame in the range.

Salt	Smoked salt, finished over a slow fire.
Lens	54 x 46 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	135 mm, weight about 16 g
Engraved inside	VXIII, the verse and 54□18 140

02 NOIR

BUTTERFLY · MATTE BLACK TITANIUM · DEEP GREY LENS

Black salt, marked by fire. Matte black titanium with a deep grey lens for the hardest light. The Butterfly in its most severe form, and the quietest.

Salt	Black lava salt, salt marked by fire.
Lens	54 x 46 mm, polarised, UV400
Bridge and temple	18 mm and 140 mm
Front width	135 mm, weight about 16 g
Engraved inside	VXIII, the verse and 54□18 140

THE SHARED BLOCK ON EVERY PRODUCT PAGE

PART	COPY
Intro under the title	The sun made the first crystal and it will test you too. Meet it with something that holds its edge.
Features	Titanium, with almost no weight. Polarised lenses with full UV400 protection. The verse engraved inside the temple. A promise written as a covenant.
In the box	A hinged box in Deep Brine and gold, a leather pouch with a gold titanium clip, a microfibre cloth, and two handwritten notes: a certificate of authenticity and a note from the founder.
Fit note, Navigator	Front width 138 mm. Suits a face width of about 135 to 145 mm.
Fit note, Butterfly	Front width 135 mm. Suits a face width of about 130 to 140 mm.

PART	COPY
Shipping line	Tracked delivery worldwide. Duties and taxes are shown at checkout.
Returns line	Fourteen days to decide. Twelve months of warranty.
Care line	Rinse in clean water, dry with the cloth and keep it in its pouch.
Add button	Keep this frame
Sold out	This frame is not available at present. Leave your address and we will write when it returns.

CARE

Titanium does not rust and it keeps its shape. A little attention keeps the finish as it was on the day it arrived.

Rinse

Rinse the frame in clean, cool water after salt water, sweat or sand. Dry it with the cloth supplied.

Clean the lenses

Breathe on the lens and wipe it with the cloth, using no pressure. Use a drop of mild soap for marks that remain.

Store

Fold the temples and keep the frame in its pouch, with the lenses against the lining. Keep it away from the dashboard of a car.

Avoid

Solvents, hot water, paper towels and the corner of a shirt. Each of them can mark a lens or a finish.

Adjusting the fit

Titanium can be adjusted by an optician. Ask for the nose pads and the temples to be set to your face, and ask that the frame is not heated, since heat can mark the colour.

On the finishes

Polished finishes show fine marks in strong light and these soften with wear. Brushed and matte finishes keep a uniform surface. The engraving inside the temple is cut through the colour and shows the bare titanium.

QUESTIONS

QUESTION	ANSWER
What is VXIII?	One word and one reference, Matthew 5:13. The verse says you are the salt of the earth.
What are the frames made of?	Titanium, in every frame, for men and for women. Colour is applied by anodising or by PVD coating.
Are the lenses polarised?	Yes. Every lens is polarised and blocks ultraviolet light up to 400 nm.
Can I have prescription lenses fitted?	The frames are made for the lenses supplied. Prescription lenses are not offered at present.
Which model should I choose?	The Navigator is made for men and the Butterfly for women. Choose the front width that suits your face, 138 mm or 135 mm.

QUESTION	ANSWER
How do I know a frame is genuine?	Look inside the temple. A genuine frame carries the wordmark, the verse and the size mark, and the right temple carries the product name. The certificate in the box carries the same name and number.
What if it does not fit?	You have fourteen days from delivery to return it. See the covenant.
What if it breaks?	The frame is covered for twelve months against defects in materials and making, and we repair what is repairable.
Where do you ship?	Worldwide, with tracked delivery.
Why salt?	Salt keeps what it touches and gives its savour quietly. We built a frame in the same spirit.

THE COVENANT

In the old world a covenant was sealed with salt because nothing else would last as long.
This is what we promise, in writing.

Clause I. Titanium, always

Every frame is made of titanium, for men and for women. Titanium carries almost no weight, does not rust and holds its shape through every season.

Clause II. Full protection

Every lens is polarised and blocks ultraviolet light up to 400 nm. Protection is never an option and it is never withheld to reduce a price.

Clause III. Genuine

Every frame is engraved inside the temples with the wordmark, the verse and the size mark, and the right temple carries the product name. Every box carries a certificate of authenticity written and signed by hand.

Clause IV. Fourteen days to decide

If the frame is not yours, return it within fourteen days of delivery, unworn and in its box with the notes and the cloth. We refund the price of the frame once it reaches us. Returns made for a reason other than a defect are made at the buyer's cost.

Clause V. Twelve months of warranty

Every frame is covered for twelve months from delivery against defects in materials and making. The warranty does not extend to loss, accidental damage, scratches that come from wear, or alterations made by anyone but us.

Clause VI. Repair and adjustment

We adjust the fit of any frame at no charge for as long as you keep it, and we repair what can be repaired, at a fair price once the warranty has ended.

Clause VII. Delivery

Orders ship within three working days with tracked delivery. Duties and taxes, where they apply, are shown at checkout and are paid by the buyer.

Clause VIII. Honest dealing

We state what a frame is made of and what it does. If we make a mistake with your order, we correct it and we say so.

RETURNS AND WARRANTY IN PRACTICE

STEP	TO RETURN A FRAME WITHIN FOURTEEN DAYS
01	Write to us through the contact page with your order number.
02	Pack the frame in its pouch, in its box, with the notes and the cloth.
03	Send it with tracking to the address we give you.
04	We check the frame and refund the price of the frame within seven days of receiving it.

STEP	TO MAKE A WARRANTY CLAIM WITHIN TWELVE MONTHS
01	Write to us with your order number and a photograph of the fault.
02	We tell you within three working days whether the fault is covered.
03	We repair the frame or replace it with the same frame, at our cost for the delivery.
04	We return it in its box, with a note describing what was done.

THE REFUND PERIOD, THE WARRANTY TERM AND THE SHIPPING TIME ABOVE ARE THE TERMS WE WORK TO. WHERE THE LAW OF YOUR COUNTRY GIVES YOU MORE, THE LAW APPLIES.

MESSAGES

ORDER CONFIRMATION

Your order is confirmed.

Thank you for your order. Your frame is being prepared by hand and its number is written on the certificate that travels with it. We will write again when it leaves us.

SUBJECT: YOUR ORDER IS CONFIRMED

SHIPPING

It has left us.

Your frame is on its way with tracked delivery. When it arrives, open the cover slowly. There are two notes inside, and the first is for you.

SUBJECT: IT HAS LEFT US

CARE, SEVEN DAYS AFTER DELIVERY

Care for titanium.

A few lines on keeping the finish as it arrived. Rinse the frame after salt water and keep it in its pouch. If the fit needs adjusting, an optician can set it to your face.

SUBJECT: CARE FOR TITANIUM

NEW FRAME

The 02 Butterfly is here.

One fine line of titanium, drawn wide, in four finishes. Rose rock salt, black salt, smoked salt and the first crystal on the pan.

A note from the founder

To you who opened this,
VXIII is a verse, Matthew 5:13, and the verse says you are the salt of the earth. Salt keeps what it touches and gives its savour quietly. I made this frame in that spirit, in titanium, with one fine line and the verse engraved where only you will see it.
Wear it in the hardest light and keep it for years. Keep your savour.
Boluwatife TheSalt, founder of VXIII
