VX-HAL-LAV

HALITE LAVA

HALITE LAVA · MATTE BLACK TITANIUM · GREY POLARISED LENS

Black lava salt, sea salt blended with activated charcoal.

FRONT AND SIDE AT 1:1

Halite in matte black titanium. A rimless frame whose lens edge is bevelled and polished, so a fine white line runs round each lens like salt at the edge of a pan. Grey polarised lens.

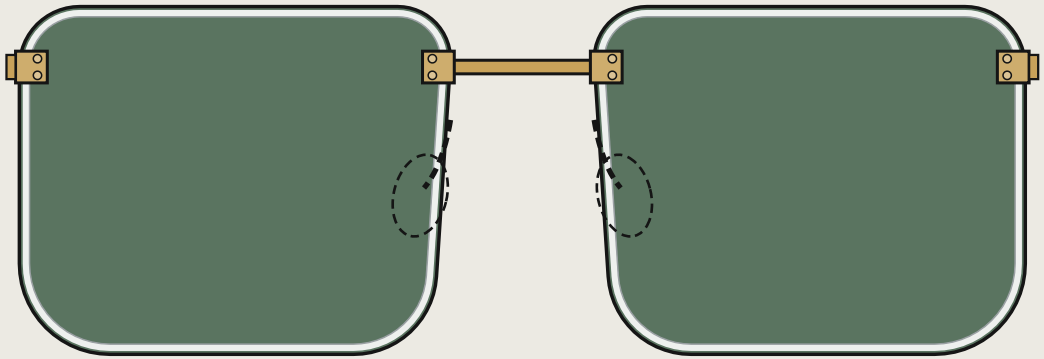

Frame	Matte black titanium
Process	Bead blast, then black PVD
Lens	Grey polarised, category 3, UV400
Size	57 □ 19 145, lens height 46.0, front 136
Weight	About 16 g
Marking	Left temple: VXIII, the verse and the size mark 57 □ 19 145. Right temple: Keep your savour
Master colour	Frame #1F1F1F, lens #3B3D3E
Product code	VX-HAL-LAV

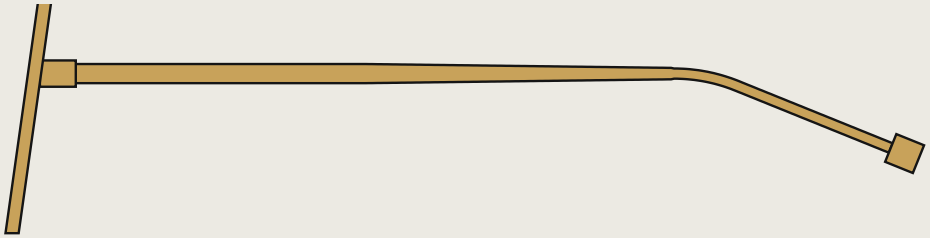

VX-HAL-BRI

HALITE BRINE

HALITE BRINE · POLISHED GOLD TITANIUM · GREEN POLARISED LENS

> The green of a brine pond, coloured by algae as the water concentrates.

FRONT AND SIDE AT 1:1

Halite in polished gold titanium with a green polarised lens, the green of a brine pond as the water concentrates. Rimless, with the salt line round each lens.

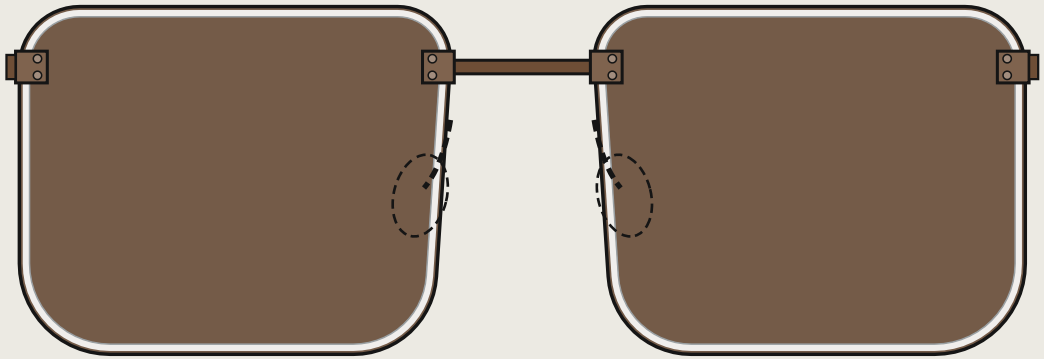

Frame	Polished gold titanium
Process	Polish, then gold PVD
Lens	Green polarised, category 3, UV400
Size	57 □ 19 145, lens height 46.0, front 136
Weight	About 16 g
Marking	Left temple: VXIII, the verse and the size mark 57 □ 19 145. Right temple: Keep your savour
Master colour	Frame #C8A25A, lens #4E6A55
Product code	VX-HAL-BRI

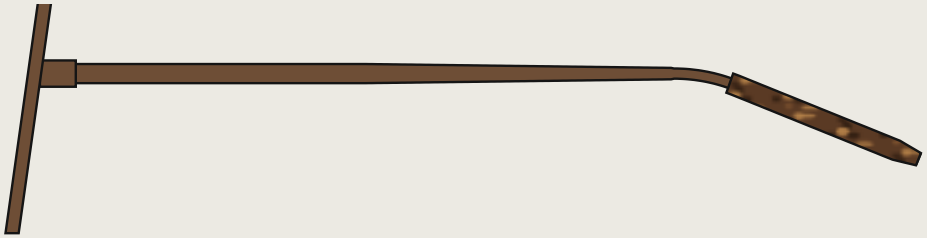

VX-HAL-SMO

HALITE SMOKE

HALITE SMOKE · BRUSHED BRONZE TITANIUM · BROWN POLARISED LENS

> Smoked salt, sea salt finished over a wood fire until it turns brown.

FRONT AND SIDE AT 1:1

Halite in brushed bronze titanium, with tortoise acetate at the temple ends and a brown polarised lens. Named for sea salt smoked over a wood fire.

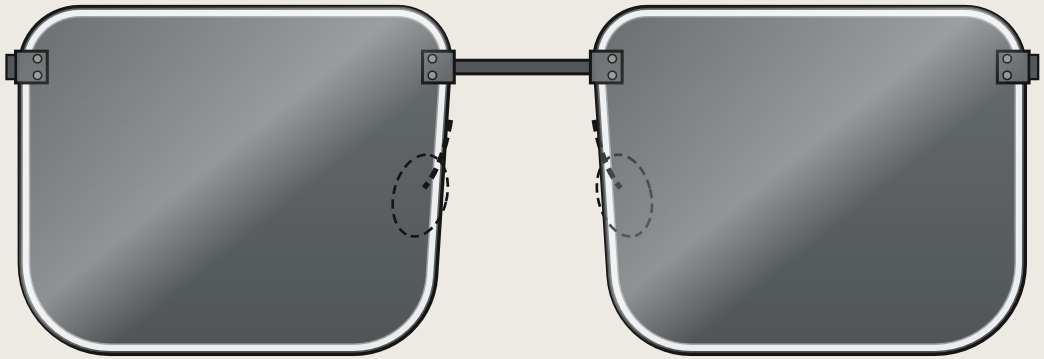

Frame	Brushed bronze titanium with tortoise acetate temple ends
Process	Brush, then bronze PVD. Tortoise acetate sleeves
Lens	Brown polarised, category 3, UV400
Size	57 □ 19 145, lens height 46.0, front 136
Weight	About 17 g
Marking	Left temple: VXIII, the verse and the size mark 57 □ 19 145. Right temple: Keep your savour
Master colour	Frame #6E4E36, lens #6A4F3B
Product code	VX-HAL-SMO

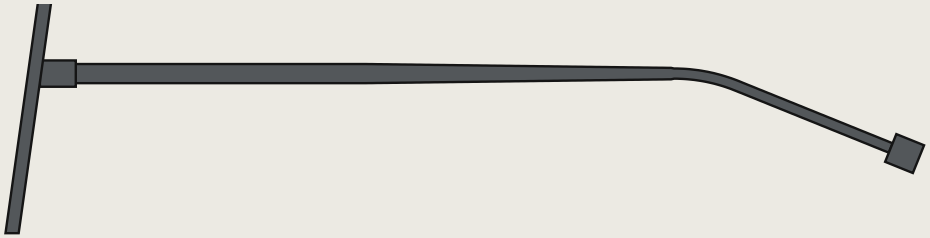

VX-HAL-UYU

HALITE UYUNI

HALITE UYUNI · BRUSHED GUNMETAL TITANIUM · GREY POLARISED WITH A SILVER MIRROR LENS

> The salt crust of the Salar de Uyuni, the largest salt flat on earth.

FRONT AND SIDE AT 1:1

Halite in brushed gunmetal titanium with a grey polarised lens and a silver mirror. Named for the salt flat of Uyuni, where the crust breaks into hexagons.

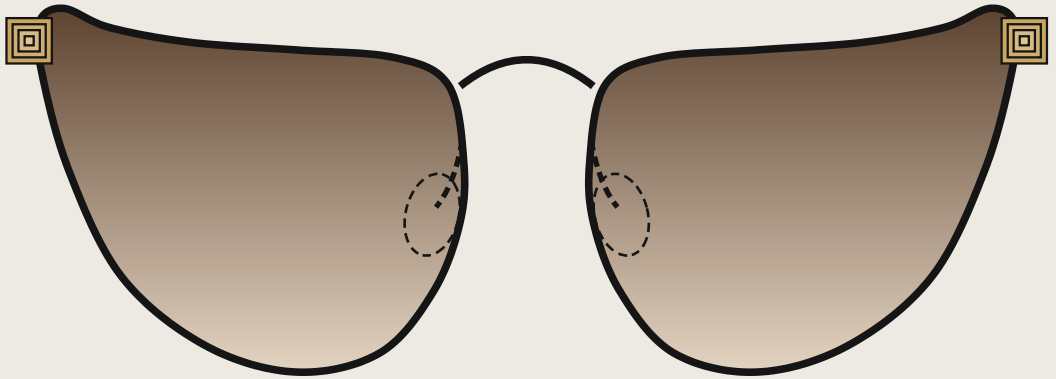

Frame	Brushed gunmetal titanium
Process	Brush, then gunmetal PVD
Lens	Grey polarised with a silver mirror, category 3, UV400
Size	57 □ 19 145, lens height 46.0, front 136
Weight	About 16 g
Marking	Left temple: VXIII, the verse and the size mark 57 □ 19 145. Right temple: Keep your savour
Master colour	Frame #53575A, lens #5E6366 to #43484B
Product code	VX-HAL-UYU

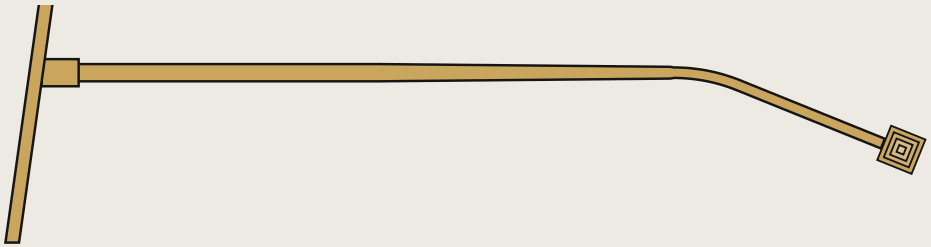

VX-FLE-GUE

FLEUR GUÉRANDE

FLEUR GUÉRANDE · POLISHED GOLD TITANIUM · BROWN GRADIENT POLARISED LENS

> Fleur de sel from Guérande in France, skimmed from the pans by hand in the late afternoon.

FRONT AND SIDE AT 1:1

Fleur in polished gold titanium with a brown gradient lens. The lifted corner carries the stepped square of the hopper crystal. Named for the fleur de sel of Guérande.

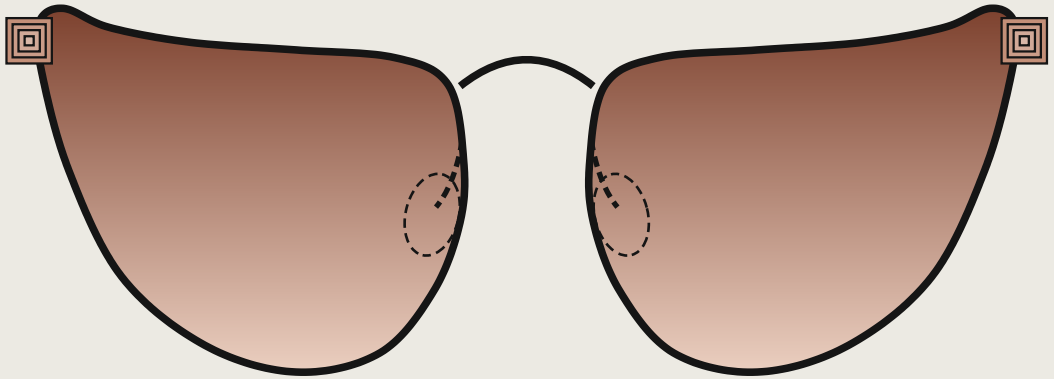

Frame	Polished gold titanium
Process	Polish, then gold PVD
Lens	Brown gradient polarised, category 2 to 3, UV400
Size	56 □ 17 140, lens height 47.5, front 138
Weight	About 18 g
Marking	Left temple: VXIII, the verse and the size mark 56 □ 17 140. Right temple: Keep your savour
Master colour	Frame #C9A55E, lens #5E4532 to #E3D4C1
Product code	VX-FLE-GUE

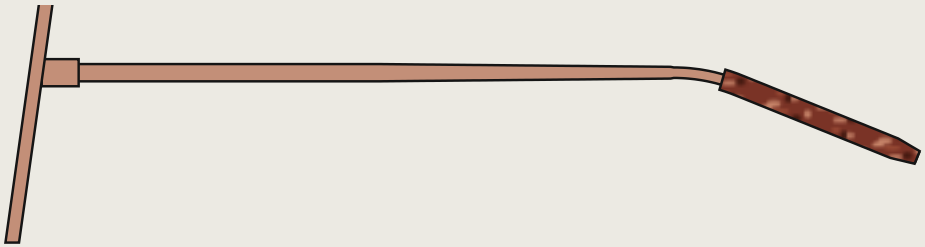

VX-FLE-ALA

FLEUR ALAEA

FLEUR ALAEA · ROSE GOLD TITANIUM · COPPER GRADIENT POLARISED LENS

> Alaea salt from Hawaii, sea salt mixed with red volcanic clay.

FRONT AND SIDE AT 1:1

Fleur in rose gold titanium with red tortoise acetate at the temple ends and a copper gradient lens. Named for the Hawaiian salt coloured by red clay.

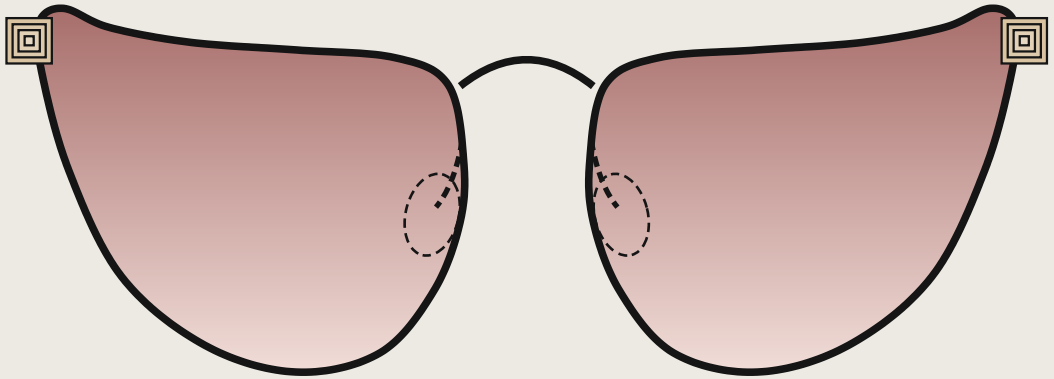

Frame	Rose gold titanium with red tortoise acetate temple ends
Process	Polish, then rose gold PVD. Red tortoise acetate sleeves
Lens	Copper gradient polarised, category 2 to 3, UV400
Size	56 □ 17 140, lens height 47.5, front 138
Weight	About 19 g
Marking	Left temple: VXIII, the verse and the size mark 56 □ 17 140. Right temple: Keep your savour
Master colour	Frame #C38F78, lens #7E4330 to #EBCFC0
Product code	VX-FLE-ALA

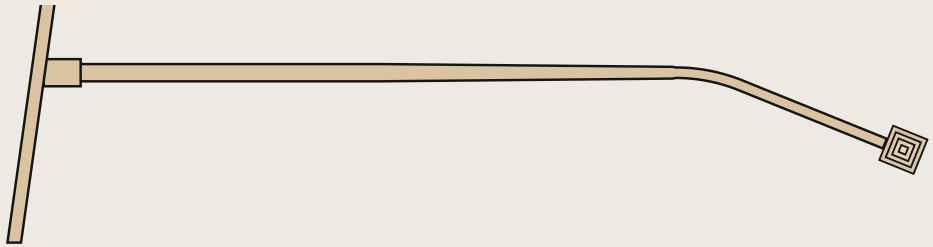

VX-FLE-RET

FLEUR RETBA

FLEUR RETBA · CHAMPAGNE TITANIUM · ROSE GRADIENT POLARISED LENS

> The salt of Lake Retba in Senegal, where algae turn the water pink.

FRONT AND SIDE AT 1:1

Fleur in champagne titanium with a rose gradient lens. Named for the salt of Lake Retba in Senegal, where the water turns pink.

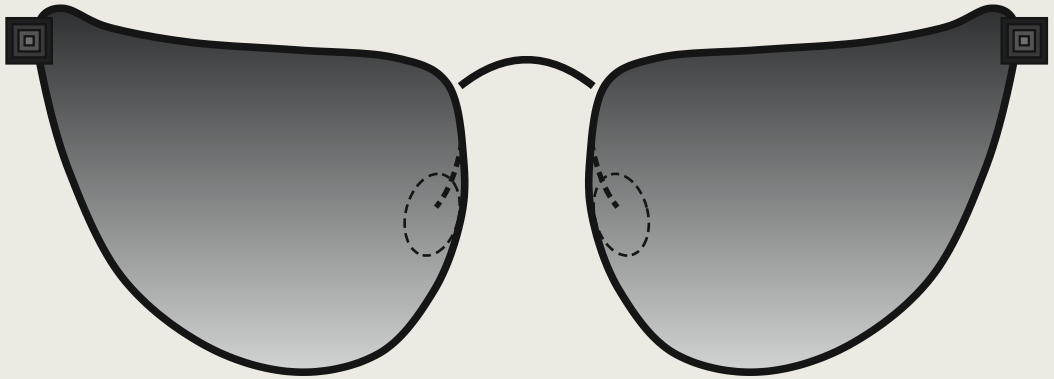

Frame	Champagne titanium
Process	Polish, then champagne PVD
Lens	Rose gradient polarised, category 2, UV400
Size	56 □ 17 140, lens height 47.5, front 138
Weight	About 18 g
Marking	Left temple: VXIII, the verse and the size mark 56 □ 17 140. Right temple: Keep your savour
Master colour	Frame #D9C3A1, lens #A86F6C to #F1DDD8
Product code	VX-FLE-RET

VX-FLE-KAL

FLEUR KALA

FLEUR KALA · MATTE BLACK TITANIUM · GREY GRADIENT POLARISED LENS

> Kala namak, the black salt of South Asia, fired in a kiln until the rock turns dark.

FRONT AND SIDE AT 1:1

Fleur in matte black titanium with a grey gradient lens. Named for kala namak, the black salt of South Asia.

Frame	Matte black titanium
Process	Bead blast, then black PVD
Lens	Grey gradient polarised, category 2 to 3, UV400
Size	56 □ 17 140, lens height 47.5, front 138
Weight	About 18 g
Marking	Left temple: VXIII, the verse and the size mark 56 □ 17 140. Right temple: Keep your savour
Master colour	Frame #1F1F1F, lens #2F3132 to #D2D3D3
Product code	VX-FLE-KAL
