

Beauty & Personal Care - 50 Prospects

25 of 50 companies have a named decision maker. 12 have that person's own LinkedIn profile linked. Emails: only published addresses are printed. Where no decision maker could be found, the company's official inbox is given with its source. Personal emails are not published anywhere, so each decision maker has a box to type one in once Apollo or Hunter confirms it. Handles are cleaned of the stray text in the old file but are unverified.
