

# Real Estate & Property prospects

50 rows. 50 researched, 0 not yet researched. 37 have a named decision maker with a source, and 16 of those have a verified LinkedIn profile. 0 have a verified published email. 9 could not be matched to a real business, 2 are duplicates, 1 are not Nigerian.

Only sourced data is shown. Blank means unconfirmed. Red in/ links open the person's own LinkedIn profile; Search runs a LinkedIn people search where no profile was confirmed. Rows tinted red could not be matched, have closed, or are not Nigerian. Grey rows are duplicates or not yet researched. The Personal email boxes can be typed into: add an address only after Hunter or Apollo marks it verified.

| #  | Company                                                                                   | Decision maker      | Role                                                     | LinkedIn                                     | Source                                  | Verified email | Personal email | Note                                                                                                                                 |
